Dear Friend of the Red Cross,

The people of China suffered devastating losses as an intense earthquake struck a highly-populated area in the central province of Sichuan on May 12. However, they will not be alone as they begin to heal and rebuild their lives. Your donation of \$8,000.00 on May 20, 2008 to the American Red Cross China Relief Fund will help support our work to meet the immediate needs of earthquake survivors.

The American Red Cross works to improve the lives of vulnerable people in China and around the world. We speed relief to disaster survivors and help communities to prepare for the next emergency. We lead programs to prevent deadly diseases such as measles, malaria and HIV/AIDS. We reconnect families separated by crisis or conflict, and promote understanding of the global humanitarian principles that guide our work. Each year, the American Red Cross and our Red Cross and Red Crescent partners worldwide improve the lives of millions of people.

To learn more about how your contribution is being used, please call 1-800-797-8022. Thank you for helping the American Red Cross to provide comfort and hope to those who have endured such great loss.

Sincerely,

Lauri Rhinehart  
Vice President, Development Operations  
American Red Cross
